

ENGLAND'S KING IS VERY SICK

Reports from London Announce Great Fear Is Felt Over Illness.

IS AT ALDERSHOT

Indisposition May Cause the Coronation To Be Postponed to Later Date.

MUCH ANXIETY FELT

London, June 16.—While no information has yet been vouchsafed the belief is gaining ground that the illness of the king is of a serious nature. There were several incidents to strengthen this belief. In the first place the king did not attend the review of the troops at Aldershot, although the Queen, the Princess of Wales, Princess Victoria went instead.

Household Depressed
An air of depression is noticeable about the royal pavilion at Aldershot where the king is housed and disquieting rumors about the place were other signs that the king's illness was apparently more than a temporary indisposition. It is stated the king suffered great pain yesterday and that laudanum was administered to relieve it.

Doctors On Watch
Doctors are watching King Edward closely with the purpose of trying to diagnose his disorder and when the doctors are satisfied on this point an official announcement is to be expected.

Goes To Windsor
In replying late this afternoon to a message regarding the serious developments in the king's condition, Sir Francis Knollys, his majesty's secretary, wired as follows: "Best answer that I can give you is that the king goes to Windsor this afternoon."

Street Talk.
The possibility of the coronation being postponed is now being discussed.

King Edward's illness came on Saturday night and was the result of a chill brought on by exposure to the torchlight parade given in the king's honor at Aldershot. Sir Francis Knollys, the king's physician, was summoned from London and has taken charge of the sick room. It has been given out that his majesty is only suffering from a slight attack of lumbago and that it is nothing serious.

WHITE HOUSE STORK HAS FLOWN AWAY

Tires of the Gay Life in Washington and Upsets Plans of President's Family.

Washington, June 16.—Mrs. Roosevelt's recent illness was much more serious than was reported at the time. Although of unusually strong physique, she succumbed suddenly on the eve of the reception to the French delegation at the Rochambeau exercises.

The long receptions at which she was forced to stand and receive the thousands who presented themselves broke down Mrs. Roosevelt's strength. As a result the stork has flown away from the white house and all of Mrs. Roosevelt's plans for the summer have been changed.

Just before she left Washington for the leisurely trip to Oyster bay on the Dolphin Mrs. Roosevelt announced her intention to return to Washington July 5 and resume the hospitalities which have been so freely dispensed from the white house during the present administration. She probably will remain in Washington until after the adjournment of congress.

Surgeon Removes Pin.
Janesville, Wis., June 16.—George H. Scott, 11 years old, was brought here from Juda for medical treatment, he having swallowed a pin while picking his teeth. He was taken first to Monroe, but the physician was unable to extricate the pin, which was imbedded in the muscles of the throat. A surgical operation was necessary to remove it.

Queen of the Jubilee.
Bloomington, Ill., June 16.—Bloomington will celebrate the anniversary of the city's big fire of 1900 to-morrow. Miss Myrtle Scott will be the queen of the jubilee. She won the honor in a voting contest, her chief backers being the labor unions. Miss Scott is a member of the Garment Workers' union.

Long Terms for Hold-Up Men.
Des Moines, Ia., June 16.—Isaac Bradford was sentenced to seventeen years at hard labor in the state prison for holding up F. L. Onkes and taking \$4 from him. "Sonny" Bradford and Robert Malze were given twenty-year sentences for the same offense.

Provides Against a Panic.
London, June 16.—A secret emergency door is being built in Westminster abbey. The location is known only to their majesties and a few other persons, so that in case of a panic during the coronation service they can get immediate egress.

SHOTS ARE FIRED IN MINE STRIKE

Two Hundred Italians Start Trouble—Teamsters May Yet Strike in Sympathy.

Old Forge, Pa., June 16.—Despite an encounter between a score of deputies employed at the William colliery here and two hundred armed Italian strikers, occurred late last night and at least twenty shots were fired, but so far as known no one was hurt.

For some unknown reason the deputies left the colliery just before midnight and started for the city. The strikers heard they had deserted the mines and pursued the guards who took to the woods. The Italians fired upon them and the guards returned the fire. It is thought that all of the shots went wild.

Citizens go armed today. The colliery is without any protection and the whereabouts of the deputies is unknown.

Favor Strikers
Wilkesbarre, Pa., June 16.—Jasper Clarke, president of the International teamsters' union was here today conferring with President Mitchell. He declares his organization is in hearty accord with the strikers. Clarke has the power to order the thirty thousand members of his organization to refuse to handle hard or soft coal or to strike.

THREE DROWN IN THE LAKE

Storm at Port Huron, Mich., Brings Many Narrow Escapes.

Port Huron, Mich., June 16.—A heavy gale swept the beaches here resulting in three deaths by drowning and other narrow escapes. It wrought havoc with yachts that were in the vicinity.

Arthur Martin, a young man just from England, with his cousins, Beatrice and Norma Abraham, aged 14 and 7 respectively, were out rowing when the storm struck the boat and swamped it.

The Misses Jennie and Marion Patton and Elwyn Skimmin, of this city, and Ernest Parr of St. John, Mich., were clinging to the fish nets in the lake exhausted when they were rescued by Robert Nelson and Van Cran, who made a daring trip in an open boat.

FIND RARE FOSSIL IN A STONE

Perfect Specimen of the Falcon Family in a Building Block.

Crawfordsville, Ind., June 16.—An unusually perfect fossil of a member of the falcon family was discovered in one of the huge blocks of stone awaiting being set in the walls of the new Masonic temple. The outlines of the fossil are remarkably distinct. The figure is two feet high and the details of the eye sockets, feet and the sweep of the long tail feathers are extremely clear. The block of stone will not be used in building now, but will be preserved with care and eventually will find its way into some museum. Scientists say this fossil is extremely rare.

One of the English burglary insurance companies advertises that there are 70,000 thieves known to the British police. Sir Robert Anderson of the Scotland Yard says that seventy would be nearer to the number of dangerous professionals.

Strongest Known Wood.

The strongest known wood is said to be luncewood. Its tensile strength per square inch is 23,000 pounds; that is to say, that weight is required to tear asunder a piece of it one inch square.

GOVERNOR ROBERT M. LA FOLLETTE AS HE REALLY IS; BASED ON FACTS

Born June 14, 1855—47 Years Old—Has Been a Candidate for Office Ten Times Since 1880—Read His Record on Taxation.

R. M. LaFollette, Madison—Gained notoriety by attacking Senator Sawyer; advocating the passage of a Primary Election Law; denouncing political corporation machines; demanding equal taxation of property; attacking Gov. Scofield and bolting the Republican state ticket.

1900.
R. M. LaFollette, candidate for office eight times in eighteen years, seeks nomination for governor.

May, June, July.
Deal entered into between LaFollette and Payne, whereby one was to be nominated governor and the other elected member of National Committee. (See Kress-Payne-LaFollette letters.)

LaFollette visits Chicago and meets officials of the large railroad corporations.

Was there a deal made between LaFollette and the railroad corporations at this time? Watch results.

R. M. LaFollette through the active support of the railroad corporations nominated governor.

Aug., Sept., Oct., Nov.
La Follette, a guest of Isaac Stephenson, millionaire, violator of Corrupt Practices Act; once a cog in the Payne Political Machine, now a candidate for United States Senator to succeed Spooner.

May 10th—LaFollette returns Hagemeister Bill to Senate with his insinuating message attached.

May 13th—Governor returns Frost Mortgage Bill, 284 A. to Assembly with his veto.

Note—Frost, the author of 284 A. voted for the Hagemeister Bill against the wishes of LaFollette.

As the governor advocated the passage of a similar bill was not his veto an act of vindictiveness to punish Frost?

June, 1901, to July, 1902.
Milwaukee Free Press established; devoted to the renomination of LaFollette as governor; to the defeat of John C. Spooner; to the election of Isaac Stephenson as United States Senator; to the passage of the Stevens Primary Election Bill.

The policy of the Free Press followed by the LaCrosse Chronicle and Marinette Star. All three of these papers aided by persons interested in the upbuilding of the LaFollette Machine, and all reported to have the financial support of Stephenson, the millionaire candidate for United States Senator.

The Wisconsin Republican League organized, stands for re-election of John C. Spooner. The enactment of laws to secure equal taxation of all classes of property; the defeat of any measure so radical as the Stevens Bill.

Nils P. Haugen, LaFollette's appointee, makes a bitter and sensational attack on John C. Spooner at West Superior.

LaFollette opens campaign at Oconomowoc; favors Stevens Bill and demands the election of a legislature with like views. Advocates an increase in railroad taxes but does not explain why he failed to help pass Bill 165 A. when it was before the legislature.

The Payne-Kress-LaFollette letters given to the public; LaFollette loses thousands of supporters by his double dealing.

Congressman H. B. Dahle and his friends astounded to learn of the treachery of LaFollette. Scandinavians and Norwegians desert the LaFollette ranks in large numbers.

Congressional Conventions held; each district overrun with LaFollette's game wardens, oil inspectors, factory inspectors, employees from offices of labor bureau, bank examiner, adjutant-general, superintendent of public property. This vast army, aided by the state veterinarian, a majority of the State Board of Control, all receiving money from the public treasury worked early and late for LaFollette. In most cases they were defeated and the Republicans won out.

The State Central Committee becomes a part of the LaFollette machine and does the governor's bidding in a servile way and violates a long established rule in changing the place of the convention.

John M. Whitehead endorsed as a candidate by a large vote in the First Congressional District.

St. Croix county under leadership of J. F. Fear, one of LaFollette's appointees, refused to endorse Senator Spooner.

LIBERAL REWARD FOR CONVICTION

Rock County Republican Committee After Democrats Who Vote Fraudulently.

To the Editor of The Gazette:
The law requires that the Chairman of each caucus shall take an oath, before assuming his position, that he will faithfully, honorably and correctly conduct the proceedings and protect the caucus from all fraud and unfairness. If he is not satisfied that any person is not a republican, he should prevent him from voting. If any person's vote is challenged, the Chairman should refuse the vote unless he is convinced that the person challenged is a Republican. He should require an oath or affidavit. It is a misdemeanor for a person to vote or offer to vote in any caucus where candidates and delegations are to be chosen, if he has already voted at the caucus of any other political party for candidates to be voted for or for delegates to be chosen to a convention to nominate delegates to be voted for at the next ensuing election. The Republican Committee of this county has instructed me to use every means in my power to prevent the Democrats from voting in the Republican caucuses and an ample fund has been placed at my disposal for this purpose. I will pay a liberal reward for evidence sufficient to convict any person violating the caucus law in this county. Every Republican should do all in his power to compel a strict observance of the law.

LA FOLLETTE ON FAMOUS DOG TAX

Senator Whitehead Shows the Change in Opinion of Governor.

STRONG ARGUMENT

Inaugural Address Differs from the Real Action of the Governor.

BILL WAS VETOED

In the view of the fact that the friends of Governor LaFollette have made him the champion of equal taxation, Senator Whitehead in his thirteenth letter on the perplexing taxation problem, takes up the Dog Tax Law, that was introduced in the last Legislature and after passage was vetoed by the governor.

In this letter Mr. Whitehead shows more clearly the vast difference that exists between the Governor's inaugural address and the real action of the man when fully vested with the veto power.

The lecture read to the legislature by the Governor when this particular measure was vetoed, is set forth in Mr. Whitehead's clear concise form and makes very interesting reading for those who are interested in the action of the state's chief executive.

Janesville, Wis., June 16, 1902

To The Gazette:
Assembly Bill No. 267 was a bill to provide for the licensing of dogs and for the collection of the license. It was introduced on February 7th, by a farmer as a police measure, for the relief of farmer from the depredations of dogs. The bill was referred to the Assembly Committee on Assessment and Collection of Taxes. Mr. Hall, a farmer, was chairman of that Committee. The bill was reported by the committee April 3d, with amendments, the principal one being this: "This act shall not apply to any city or village which may now or hereafter by its charter or by ordinance provide for the licensing or taxation of dogs," and with the recommendation that, when so amended, the bill pass. On April 16th, it passed the Assembly on a roll-call vote. When the bill came to the senate, it was referred to the Committee on State Affairs and unanimously reported by that Committee for concurrence. On April 25th, it passed the Senate without opposition. On May 2nd, the Governor returned the bill to the Assembly, without his approval and with a message. In the message the bill was treated as a revenue measure which would operate unequally as between farmers and residents of cities and villages. The latter, it was held, could "escape payment of such tax by ceasing to own or keep dogs," while to the farmer "the watchdog and shepherd are as much a necessity as the other domestic animals which they protect and guard." The Governor said he was willing "to present to the people of this state, in lieu of the legislation to equalize taxation which had been promised to them, a scheme which, in a general way, might be described as an act to relieve the farmer or city home owner of a small measure of increased tax upon his reality, by imposing a license fee upon his dog."

The Governor said:

"For many years there has been a well-settled belief in the minds of a great majority of people of this state that quasi-public corporations were paying less than a fair share of the taxes necessary to maintain government."

In his inaugural message he made no specific reference to any such "well-settled belief" of a great majority of the people with regard to the quasi-public corporations. He then said that in assessing themselves, the railway companies had been "fairer than the average of individuals; that the percentage of assessed market value of the railroads was 20.5-100 as against 12.9-100 for all other personal property in 1899."

The Governor said further, in speaking of the Legislature of 1899, "the corporations not taxed related taxation in any form." The Governor was misinformed. The representatives of "the quasi-public corporations not taxed" took exception to the special ad valorem method provided in the bills as reliable to make their taxes excessive, but in every case they admitted that they felt it to be the duty of the corporations for which they spoke to pay taxes and that such corporations were willing to be taxed. The Legislature passed the bills introduced, and so express, sleeping car, freight line, and equipment companies were taxed. There was a difference of opinion among the representatives of the life insurance companies as to the propriety of taxing such institutions and there was objection to a provision of the bill which subjected Wisconsin companies to retaliatory taxes. The Legislature of 1901 took the same view of the question and passed an act for the relief of the companies. At the session of 1901, bills were prepared by the Tax Commission and introduced, with a view to revising the ad valorem method proposed by bills No. 95-S and No. 164-A for taxing railroads, in case that method were to be adopted. The possibilities were that the bills, so

MODERN WOODMEN HONOR THE DEAD

ANNUAL MEMORIAL DAY OF ORDER APPROPRIATELY OBSERVED

Members of Florence Camp No. 366 M. W. A. and Crystal Camp. No. 132 R. N. A., Attended Divine Service at the First M. E. Church—Graves in Cemetery Decorated.

Yesterday, the third Sunday in June, was the day which has been established by the Modern Woodmen of America as its annual memorial day, a day to be dedicated to the remembrance of those members who have passed to their eternal reward and to the expression of that remembrance by decorating with sweet flowers the graves of the departed.

The day was appropriately observed by Florence Camp No. 366 Modern Woodmen of America and by Crystal Camp No. 132 Royal Neighbors of America, of this city. Both organizations accepted the invitation extended by Rev. James Churn and attended divine service at the First M. E. church in the morning. Large delegations of both societies were present and the front of the church was reserved for the guests of honor. There was also a large attendance of other worshippers and nearly every seat in the church was filled.

The preliminary services, including singing by the congregation, a fervent prayer by Rev. Churn and the Scripture readings, were very interesting. The chorus sang an inspiring anthem "O God Is Our Refuge" by Carrie B. Adams, in which the melodious voices of the singers harmonized beautifully. One of the most pleasing features of the service was a vocal solo by Miss Olive Staples, of Milwaukee, who sang, "My Redeemer, My God" by Dudley Buck. Miss Staples has a sweet soprano voice, which she uses well. Miss Elva Crawford presided at the organ.

The keynote of Rev. Churn's eloquent sermon was fraternal sympathy. His subject being, "Bearing One Another's Burden." For his text he chose the second verse of the sixth chapter of Paul's Epistle to the Galatians, "Bear ye one another's burdens and so fulfill the law of Christ."

Readers of history, ancient and modern, and glowing examples of sympathy in its pages. All people are actuated to better things the moment they take an interest in each other. There is a principle that holds the world together. It is the one fraternal bond of love. Affinity exists everywhere, between men, animals, the elements, in every thing in the universe in fact. There is nothing without a complement.

Man by his own disobedience forfeited the love of God. He brought endless trouble upon himself and unless he repents the consequences reach beyond this life into the life beyond the tomb. God has made every thing good and complete. Everywhere there is the bond of sympathy and affinity. Unconsciously men yield to this influence and it is this yielding which makes the whole world kin. The principle of fraternal friendship and sympathy is found in all living beings. Even the beasts of the field have sympathy for their own.

The world worships a hero. There was a time when a hero displayed his courage by coarse and brutal deeds, but in these days heroism does not consist of a display of courage coupled with coarseness, but of courage united with the finer sentiments and with sympathy. The man who helps men to be better and to lead truer Christian lives, is a greater hero than the general on the battlefield. The true hero couples his courage with tenderness and love.

The True King
Sympathy crowns men and makes them king. The true king is he who has sympathy. The kingdom of the world today is its true and noble manhood. The ideal man is he who ties up the broken vine, binds up the wounded bird, caresses, if need be, the barefooted boy. If sympathy controls a man, it will find outward expression.

People go where there is something which appeals to them and Christians must make the church appeal to the world. There is only one way to do this and that is to make the church an expression of sympathy and love of mankind. The greatest discovery men can make in the hearts of their brothers is fraternal feeling and the fraternal feeling founded in the Christian religion is the greatest just as one piano will vibrate in sympathy with another piano being played in the next room, there are lives that can be touched by sympathy. There are common joys and common sorrows in every heart.

Sympathy for Faults.
Above all people should have sympathy with each other's failings. Every one makes mistakes. There are small vices which sap character as surely as large ones. The little things which keep men from the best there is, from the highest Christianity are the things which should be put firmly out of their lives. A little flaw spoils a gem. A little blemish in a life casts an influence which is not for good. A chain is no stronger than its weakest link and man is no stronger than his weakness. People should have sympathy for his failings, but should not show their interest by criticizing and instructing in a way that wounds and hurts instead of helping. To criticize used to mean to praise as well as blame and it would be well for the world to get back to the original meaning of the word.

Tribute to Fraternities.
In their particular way the Modern Woodmen of America, the Royal Neighbors of America and kindred societies, are solving the problem of bearing each other's burdens. Fraternities are intended for good. There is nothing inconsistent in keeping the pledges they demand and at the same time fulfilling one's daily and Christian duties. The organization is broad enough for any man. Fraternities are one of the mightiest forces for good in the world. In the Modern Woodmen over 700,000 men are banded together for mutual helpfulness. The organization was born in Fulton, Ill., in 1893. Thousands of dollars are paid out annually and no just claim has gone by default. The speaker preferred, however, to emphasize the brotherly and fraternal spirit of the order rather than the insurance feature. The members have a duty to the living as well as to the dead.

The Divine Sympathy.
In conclusion Rev. Churn spoke briefly of the sympathy of the Lord Jesus Christ, the Good Samaritan and urged his hearers to have more sympathy for their fellowmen to strengthen the weak, enrich the poor and soften the hard heart. By taking advantages of the good things God has given, man will discover the kinship of the universe.

The services closed with the singing of America by the congregation and the benedictory prayer by Rev. Churn.

Decorate the Graves.
The Woodmen further observed their memorial day, by decorating the graves of their deceased members. This loving service was done by a committee appointed by Florence Camp No. 316 and consisting of James Harper, Charles Rathjen and H. J. Marsden. The local camp has thirteen mounds in the silent city to be remembered with flowers this year.

BUTTERFLY SINS
Rev. J. H. Tippet, the pastor at Court Street church discussed in a very able and earnest manner, yesterday morning, the danger of gilded sins. The caterpillar, loathsome and disgusting, transformed itself, as if by magic, to the gorgeous winged butterfly. As it flitted in the morning sun, a creature of rare and exquisite beauty, it was the same worm, that so recently crawled in the dust. So with sin. The tinsel and varnish might make it attractive, but it was the same sin, in dangerous form. The speaker believed in calling things by their right names. A thief was a thief, under whatever disguise.

He denounced vulgar art and sculpture and claimed that modern costumes were frequently works of sin in gay and unseemly attire. The sermon was unusually strong and practical.

SONG BEAUTIFIES RITE OF BAPTISM

Postponed Children's Day Service Held at the Congregational Church Yesterday.

Children's day was observed at the Congregational church yesterday, the services having been postponed from the previous week on account of the dedication of the organ. No children's concert was given this year, the observance of the day consisting of the baptism of the children, the presentation of Bibles and the graduation of a class of children from the primary department.

The baptismal service was made especially beautiful and impressive by the singing of "I think when I Hear That Sweet Story of Old" by the children's choir, one verse of the song preceding the baptism and the other verse following the administering the sacred rite.

The children whom Rev. Denison baptized were George Larkin Arbutnot, Mabel Florence Arbutnot, Ethel Faye Taylor, Mabel Blanche Bryant, Elton Jenkins, Mabel Irene Giesler, Hazel Capurina, Hazel May Giesler, Robert Leonard Reynolds, George Smith, Eugene Burton Crall, Dean Prichard Kimball, and Lyman Burdick Kimball.

For some time past it has been the custom in the church to present Bibles to children who have been baptized into the church and who have reached the age of seven years. Bibles were presented yesterday to Katharine Leisk Jeffris, Carl Francis Keller, Helen Slocum Taylor, Paul Peterson Kemmett, Lois May Thorne, Grace Murphy, Mabel Giesler, Hazel Capurina, Hazel May Giesler and Marian Jenkins.

The children who received diplomas of graduation from the primary department are Clara Grubb, Cecelia Swanson, Marion Proctor, Mabel Strang, Margaret Whipple, Nellie Solgrin, Florence Selgrin, Joe Bull, Henry Vollbrecht, Will Groat, Edward Hockett, Nelson Ellis and Hjalmar Larson.

The Dictator.

It seems the governor decides the legislative act declaring an effective system of a state bookkeeping shall be established and that it shall be the duty of the governor to take necessary steps to that end, is not operative since his official organ says he has not established any such system, that such was not necessary. Under this plan Governor LaFollette if not superseded becomes the practical dictator of the state. Such methods are intolerable.—Racine Journal.

UNIVERSITY TEAM AGAIN DEFEATED

Beloit Base Ball Team Wins Saturday's Game by a Score of 6 to 2.

On Saturday afternoon the Beloit College base ball team defeated the University of Wisconsin by a score of 6 to 2. There was a large crowd of spectators, but the game was a disappointment. The playing was slow and listless, especially that of the University team, which was composed largely of substitute players.

The fact that the regular members of the team played out of their usual positions was probably responsible in a measure for the many errors of judgment in defeating the cardinal. The long grass in the outfield also added to their confusion, especially in the fifth inning, when Persons, the center fielder, fell down while attempting to field Merrill's long hit and the ball was last long enough to permit Slater to score from second base while Merrill reached third.

The University team fell down again in the sixth when Wilde, the short stop, fumbled the ball and then held it so long before throwing to the catcher, that Mills and Plank crossed the home plate and Partridge the batter, reached second base. The most brilliant work done by the University was the fielding of Gates, who captured everything that went into the right garden, accepting six chances.

More pitched a good game for Beloit, and although his curves were located frequently, he kept the hits well scattered. Only once did he lose control and then he gave Wisconsin the first run of the game, by allowing three men to walk to first. Kaufmann, of Beloit, umpired the game and his decisions were criticized quite freely.

LOWA—Commercial Tourists.

The sun is confidently expected to halt in its course next Saturday afternoon and all nature will look on in terrified wonder while the commercial travelers hold their field meet and grand carnival of athletic sports. There will be a single ladies' free-for-all dash, with a nice eligible young man for pacemaker and a married ladies' scamper, which will be paced from behind by a mouse, and if the earth's crust can be propped up and braced so as to make it perfectly safe there will be a roaring, thundering, crashing fat man's race with a 225-pound limit—not steam pressure, but weight. All punny, underdressed starvelings under 225 are barred from this, and all contestants weighing over 400 pounds will be allowed to stop ten minutes at the fifty yard post to perspire. The prize will be a handsome negligee summer shirt for fat men, consisting of embroidered button holes and a neckband.

There will also be other exciting contests during the day. There will be a football kicking contest for ladies, the one spraining the most toes to win, and a ladies' ball throwing contest, a handsome cut glass diamond being offered to the lady who hits the most spectators. And, besides, there will be a potato race, wheelbarrow races, contests in putting the shot, downing the high ball, throwing the harpoon, shooting the hot air, using the sixteen-pound hammer—prize for the best "knocker"—running long talk, standing broad grin and other contests too numerous to mention. It will be a great event and the Frolic man hopes to be there with both feet and camera.—Frolics in Nonpareil.

A Monster Shipment.

On June 17, a special train of threshing machinery from the great works of the Avery Manufacturing Co., Peoria, Ill., aggregating \$150,000 in value, will be shipped to Minneapolis, Minn., making the entire trip over the North-Western Railway. From Peoria the train will run over the North-Western's new branch to Dixon, and thence through Caledonia, Beloit, Janesville, Madison; Baraboo, Elroy, Eau Claire and other points, stopping over night at Dixon, Madison and Eau Claire. The train will consist of twenty-five to forty cars of Avery threshing machinery, and include a full threshing outfit in operation on two immense flat cars. This train is scheduled to pass Janesville at 1:40 p. m., Wednesday, June 18.

The entire trip will be made in day time, and be accompanied by officials of the company and representatives of the Avery Manufacturing Co. This entire shipment of Avery threshing machinery is consigned to the Minneapolis branch of the company and will be distributed throughout the State of Minnesota.

LA FOLLETTE ON FAMOUS DOG TAX

Continued From Page 1.

Introduced, had they become laws, would have worked a reduction of taxation upon the property of express and sleeping-car companies.

The Governor also said: "It is a matter of legislative history that after the enactment of the express company, life insurance and sleeping-car legislation, and after passing through the assembly a bill increasing the rate of the license fee on railroads from four to five per cent. per cent upon their gross earnings, which was defeated in the Senate, the entire subject was committed to a tax commission created by a bill originating in the senate. That bill was passed under the pretext that the pressing work of legislative sessions prevented members and Senators from giving the subject that thoroughness of investigation which would insure fairness to every interest and for that reason the people of this state acquiesced in the establishment of the commission to determine the rights and duties of all respecting taxation."

The Governor here assigns reasons for the creation of the present Tax Commission, which he says are matters of "legislative history," and I am constrained to examine them in the light of the journals.

First. On February 8, 1899, Assembly Bill No. 111-A, relating to the amount of license fees to be paid by railroad companies, was introduced by Mr. Orton and referred to the Committee on Railroads. On April 19th, the bill passed the Assembly on a roll-call vote, ayes 37, noes 19. On the same day the bill reached the Senate and was referred to the Committee on Railroads. On April 28th, the Committee reported the bill for non-concurrence. On April 27th, the bill was refused concurrence.

Second. In my second letter on the subject of taxation, I quoted Governor Scofield's remarks with reference to the continuation of the work of the first Tax Commission. The sentiment in favor of a Tax Commission, thus fostered by the Governor's message, grew steadily from the beginning of the session and the Senate Committee on Assessment and Collection of Taxes proceeded at once to prepare a bill for the creation of a Tax Commission. On March 30th, Senate Bill No. 356, providing for the creation of a Tax Commission, was introduced by said Committee and referred to the Committee on Claims. On April 11th, the bill was reported to the Committee on Claims, without recommendation. On April 13th, it passed the Senate. The vote was by roll-call vote and stood, ayes 29, noes none. It was immediately messaged to the Assembly. On the 18th of April, it day before No. 111-A was passed, it was reported for concurrence by Mr. Hall, chairman of the Assembly Committee on Assessment and Collection of Taxes, and under a suspension of the rules, moved by Mr. Hall, was concurred in. The vote was by roll-call, and stood, ayes, 62; noes, 15; absent or not voting, 23. The legislative journals do not sustain the statements of the vote message.

Third. In contrast with the statement that the Tax Commission bill was passed under a pretext, one naturally thinks first of the language of the Republican Platform of 1900, which reads as follows: "The establishment by the last Republican legislature of a state tax commission for the purpose of an exhaustive investigation of the complicated questions of taxation was in accord with principles of sound public policy;" and then of the Governor's inaugural message, where he said: "The creation of a commission to make such investigations as the character and importance of the subject demand, to report to the Legislature the results of its examination, and to make recommendations in aid of just and efficient tax laws, could not fall of public approval."

The Governor further said: "They assented, however, to the postponement which this plan necessitated, because, and only because, they were assured and persuaded to believe that the report of the tax commission would settle the disputed question. They submitted without a murmur to the increased taxation necessary to pay the commission to do its work, believing that those who offered this solution of the controversy were acting in good faith." They agreed to this form of legislative arbitration, confident that the right would prevail because they demanded nothing more than just and equal taxation for all.

It is true that in the arguments on No. 111-A before the Senate Committee on Railroads, on or about April 26th, the representatives of the railroad companies did refer to the creation of the Tax Commission, and did ask the Legislature to await the report of that commission, before enacting any railway tax legislation. On April 19th, the day on which No. 111-A was messaged to the Senate, the Governor had signed the bill creating the Tax Commission. So that the creation of the Tax Commission was not a "legislative arbitration" of any controversy between the Legislature and the railroad companies.

The Governor said further: "Yet they foresaw that the work of the commission would necessarily be completed subject by subject and branch by branch, and they wisely provided that the commission should at the beginning of each session recommend the changes that should be made in the tax laws and should formulate legislation—that it should prepare the bills for the legislature."

This language calls to mind that of inaugural message, where the Governor said: "But though it may require another biennial period to perfect and complete this work. The period covered by two biennial sessions of the Legislature would appear to be a generous allowance of time for the thorough and complete per-

formance of all the work contemplated by the law" (creating the Commission.)

The Governor further said: "They (The Commissioners) were possessed of trained legal minds. They were strong in the confidence of the people. With great industry, this able, independent, unbiased commission prosecuted an investigation of this one subject of taxation. But under circumstances insuring a calm and dispassionate judgment which will commend itself to the public for approval."

It would have served the cause better had the Governor aroused himself to a sense of the strength of the Commission and of the confidence in it of the people, at the time he was writing his inaugural message, had he not then recommended that its powers to make statistics be taken away from it, had he not then appeared before the Legislature to say that he was "not advised of the results of their investigations or of the nature and contents of their report," and had he not then chosen, to the manifest detriment of the Commission, to present the tables obtained from the State statistics rather than those contained in the printed report of the Commission.

The Governor further said: "The best excuse or argument presented by the advocates of delay, who thus favor imposing a still greater portion of the tax burden upon the property within the state already bearing an undue share, appears to be the claim that the corporations paying less than their fair share of taxes should not be compelled to pay any more because some kinds of personal property escape the assessor altogether."

This language is unlike the words of his inaugural message, where, based on the figures which he had procured from the State Statistics, he had made it appear to the Legislature that "the percentage of assessed of market value of the railways was 20 to 100 as against 12 to 100 for all other personal property in 1899," and that "the railway companies had been fairer than the average individuals in assessing themselves."

The Governor said also: "The propositions of the tax commission, like its statistics, are too plain and simple to permit misunderstanding or doubt. In intelligent minds which give them consideration. Until that very uncertain and remote time when campaign promises and legislative procrastination conjoined will result in bringing hidden and intangible property within reach of the tax officers."

If the Governor, before penning his inaugural message, had ascertained the results of the investigation made by the Commission, and, at the opening of the session, given them as good an endorsement as he now did, so near the time when it ought to adjourn, he would have saved the Commission from many an attack on the part of the representatives of the corporations. The ratification was strong, but too long delayed.

The Governor further said: "The tax Commission has formulated and presented to you bills which would increase the state's revenues from railroad companies, street railway companies and from telephone companies. These commissions have presented facts and reasons which have not been discredited, showing that the increase proposed in these several bills will impose less than the full share of taxes due from companies in comparison with the taxes charges imposed upon the property of the individuals carried upon the tax rolls of the state."

It would have made a deep impression upon the Legislature if the Governor had stood up so well for the work of the Tax Commission in his inaugural message, which conveyed instead, to the Legislature, the plain implication that he attached no importance to the report of the first Tax Commission, and placed very little, if any, reliance upon the report of the present Tax Commission.

The message came in on the day on which No. 164-A, the bill providing for the ad valorem taxation of railroads was killed by the Assembly, on a roll-call vote, which stood: "Ayes, 45; noes, 51; absent or not voting, 4;" and nine days after No. 165-A, the bill providing for the increase of the license fees to be paid by railroads had been indefinitely postponed by the Assembly on a roll-call vote, which stood: "Ayes, 33; noes, 50; absent or not voting, 9; paired, 2."

Miscreants Make an Unsuccessful Attempt to Wreck a Dwelling at Sault Ste. Marie.

Sault Ste. Marie, Mich., June 16. A charge of nitroglycerin was exploded on the front porch of Donald M. McKenzie's residence, blowing in the front door. All the windows in the house were shattered and many windows were broken in other residences near by. McKenzie is superintendent of the ship canal. He was on his way home when the explosion occurred. His wife is in Buffalo. His nine-year-old niece and the hired girl were the only persons in the house. They were asleep in a back room upstairs and were not awakened by the explosion. No reason is assigned for the deed and the police are completely at sea. The explosive apparently had been placed in a bottle and mixed with a quantity of wire nails, many of which were picked up in the vicinity.

It's So Easy

To take cold. It's so common to neglect the cold. That is one reason why there are so many people with "deep-seated," stubborn coughs, and so many more with "lung trouble."

The short, quick way to cure a cough is to use Dr. Pierce's Golden Medical Discovery. The quicker this remedy is used the quicker the cure. But even when neglect has let disease fasten on the lungs, "Golden Medical Discovery" may be relied on to cure in ninety-eight cases out of every hundred.

The only motive for substitution is to permit the dealer to make the little extra profit paid on the sale of less meritorious medicines. He gains. You lose. Therefore accept no substitute for "Golden Medical Discovery."

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 1129 24th St., Washington, D. C. "My cough is very much better, and I owe it all to Dr. Pierce's Golden Medical Discovery. I cannot say too much in praise of the medicine. I had been quite a sufferer for a long time, and after reading Doctor Pierce's Common Sense Medical Adviser thought I would try his 'Golden Medical Discovery.' I commenced taking it in May, 1892. Had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I am in great sympathy with everybody who suffers with a cough. I had been a sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well. Dr. Pierce's Golden Medical Discovery is the best medicine I have ever taken. My home is in Williamsburg, Virginia."

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

WEATHER FORECAST.

REPUBLICAN CAUCUSES

The Republican caucuses to elect delegates to the county conventions will be held throughout the county Tuesday, June 17. In the towns these caucuses will open at 2 o'clock p. m., and in the villages at 7:30 in the evening. Two sets of delegates will be elected. One to attend the county convention to be held at the Court House, July 8, for the purpose of electing delegates to the state convention, the other to attend the county convention at the Court House, July 10, to nominate county officers. The call in detail is published in another part of the paper. These caucuses are very important and should be attended by every republican.

VIOLATORS OF LAW.

The "Morning Republican" is supposed to voice the sentiment of the Governor. The paper claims in its issue of yesterday morning, that democrats have a perfect right to vote in republican caucuses and that there is no law to prevent.

The Gazette will refer these high minded gentlemen to the law against the practice as interpreted by District Attorney Jackson, and published in Saturday's paper, as well as to Attorney Nolan's statement, appearing in this issue.

The caucus officers will understand from the statements that it is not necessary for them to challenge voters, but simply to refuse to take them where they are satisfied that the voter is a Democrat.

It is a little humiliating to the Republican party, that it is compelled to do business with a governor who countenances and encourages the nefarious practice under discussion. There isn't a Democrat in the state, who would for a moment of attending a Republican caucus, if not urged to do so, by men who claim to be Republicans.

This is LaFolletteism pure and simple. It lacks the first principles of Republicanism and is a disgrace to the state. If, by misfortune the man is renominated, it will be due to the aid of democratic votes. The caucus officers in Janesville are thoroughly well informed, and they will see to it that the governor's supporters are not permitted to run in democratic votes.

THE FINALE.

Tomorrow closes the factional contest in Rock county, and the convention, that meets July 8th, will simply ratify the action of the caucuses.

It remains for the republicans of the county to say whether conservative republicanism shall be endorsed or whether LaFolletteism shall continue to dominate.

Every republican voter owes it to himself as well as to the party, to attend the caucuses. They are more important than the convention, because they are the mediums that determine public policy and control party action.

The contest has been more or less bitter, because not entirely free from personalities. It is impossible to discuss LaFolletteism without discussing LaFollette, and while his personal character has been free from assault, his public record has been severely criticized.

The public life of an official belongs to the people, and they have a perfect right to commend or condemn at will. There has been so little to commend in the official career of the governor, that the history has been largely devoted to censure. The men who support him, believe in him, not because of his ability to preside in the office of chief executive, or because of any disposition to harmonize the party, but because he possesses elements of magnetism as a leader, similar to those possessed by Wm. J. Bryan.

The loyalty expressed by these men is personal and is prompted largely by admiration for the man. The welfare of the party is not considered. Any man who spends time to think, knows, that with LaFollette as governor, party harmony is out of the question. He also knows that without harmony, the party is crippled and liable to defeat.

If there were no other arguments against the governor's renomination, this should be sufficient. The simple facts, plainly stated, are these. The party is in rebellion, on account of the incompetency of a leader. It is well enough to say that the rebellious element should be whipped into line and compelled to be loyal.

If men were school boys, that sort of an argument might apply, or if this element was composed of law breakers there would be good logic in the suggestion. But they are neither boys, nor disturbers of the peace.

They represent the staid conservative element of the party. They are neither erratic nor visionary. They have no theories to exploit, nor hobbies to parade. These men organized for the protection of the party, long before a leader was selected, and when Senator Whitehead's name was presented it was done by popular demand.

The campaign conducted against Governor LaFollette, has been a republican campaign. The men identified with it have been loyal

supporters of the party for a life time, and never more loyal or deeply interested in its welfare than today. These men have never found any trouble in working with the party, but they have tried in vain to work with the governor.

It is more natural to believe that one man is wrong, than to believe that this army of time-tried republicans are wrong. If Governor LaFollette had the welfare of the party at heart, he would have made peace with this element long ago. Nothing but a little effort on his part was required, and this he was unwilling to exert.

The Gazette has long since claimed that he was not a fit man for governor, and when the votes are counted tomorrow night, the verdict of Rock county will endorse the opinion. The life of the party is at stake, and republicans are fully alive to the fact.

PROTECT SENATOR SPOONER.

An effort is being made in some parts of the state to organize LaFollette clubs. The men engaged in the work profess to believe and many of them are honest in the belief, that Spooner and LaFollette are bosom friends, and that their political interests are mutual.

This is so far from the truth, that no one believes it, who knows anything about the situation. There is a breach between the two men that time will never heal, unless the governor shows a disposition to conciliate.

Governor LaFollette's nomination means retirement of Senator Spooner, and this is thoroughly understood by all well informed republicans. A vote in the caucuses for LaFollette delegates is a direct vote against Senator Spooner, and a vote for Whitehead delegates is a vote for him.

The state of Wisconsin can not afford to lose the services of the Senator. Rock county republicans will be loyal to him.

DANE, ROCK AND EAU CLAIRE.

If the caucuses in Dane County, the home of the governor, next Tuesday, June 17, happen to go the wrong way for his excellency, it will be a serious setback for him. If the LaFollette people carry them, such result will furnish them a rally-point. Hence many eyes are on Dane County, especially Madison.

Eau Claire county caucuses by the way, take place the same day. Then on the 17th come the caucuses in Rock. Senator Whitehead's "home county." It is expected two districts of Rock will be for Whitehead, and perhaps he will have the whole county.

Eau Claire county Republicans can find something interesting in the fact that Eau Claire, one of the big ones, goes off at practically the same time as Rock and Dane.

The three shots will be "heard round the state."—Eau Claire Leader.

There was a LaFollette meeting at a farm house in the town of Rock yesterday afternoon. Janesville speakers were in attendance. Some of the neighbors who admire the governor, said that they didn't believe in working over time especially on Sunday, but they would knock off long enough tomorrow to go to the caucus and vote for Whitehead.

The State Board of Agriculture say by refusing to change the date of the fair to accommodate the president's visit that they would rather have a pumpkin show endorsed by the governor, than to entertain the president invited by Henry C. Payne.

There has never been any compromise between LaFollette and men who do not agree with him. There will be no compromise so far as Senator Spooner is concerned. Conciliation is out of the question, when dealing with a man who refuses to conciliate.

Kansas is free from populism and mortgages, and is now interested in hiring an army of men to take care of her wheat harvest. There's nothing the matter with Kansas under republican administration.

While the congressional caucuses were important, the ones to be held tomorrow night are vital to the welfare of the republican party. No intelligent republican can afford to stay away.

Dane county politicians are the busiest lot of mortals just now, in the state. If the county should get away from the governor, he will realize that the opposition to him is real.

The new office building in New York sixteen feet wide, eighty-five feet long, and sixteen stories high, will look something like the farmer's barn six feet wide and 600 feet long.

A vote for Whitehead delegates tomorrow night, means the endorsement of John C. Spooner. The defeat of conservative republicanism means the defeat of Spooner.

Every self-respecting democrat will be satisfied to be a spectator tomorrow night. This is not a democratic funeral. That will occur in November.

Spooner in the senate is worth more to the state than LaFollette in the executive chair.

Every republican in the city should

attend the caucuses tomorrow night. It is a straight issue between Whitehead and LaFollette. Between republicanism and LaFolletteism.

It cost the state only \$88 to get rid of Warden McClaughry. At the present price of game wardens the sum does not seem exorbitant.

The Chicago girl who eloped with a pugilist is evidently an admirer of the manly art.

PRESS COMMENT.

Evening Wisconsin.—A few days ago the LaFollette press was shouting that the Stalwarts were underhandedly supporting Scofield for the gubernatorial nomination and preparing to throw Whitehead overboard. Now it is shouting that the League is standing by Whitehead and is greatly embarrassed by the Scofield movement. The fact is that there is no Scofield movement outside of the ranks of those adherents of the ex-Governor who are for him for everything that turns up.

Now it is Scofield, but a little while ago it was Barney. Neither one of these men will announce themselves as candidates for the office of governor as long as Senator Whitehead is in the field. The Janesville man has been endorsed by that telegraph of the Republican party in this state opposed to LaFollette and his various schemes. They will not desert Senator Whitehead and he will not desert them. The lines have been plainly laid out and must be followed to the end.—LaCrosse Republican and Leader.

Milwaukee Journal: Madison is proud of her citizen-governor. Robert M. LaFollette.—Madison Journal.

"Citizen governor?" What's that? It recalls the French revolution in its glory days. They were all "citizens" in those days and no other title passed. Are we to have "Citizen LaFollette" and "Citizen Wilder?" Must the "Mr." and the "Dr." go? Citizen Wilder is getting wild on "reform."

The Viroqua Republican under the head, We Are For Whitehead, says: We realize that in taking this stand, we are with the minority in Vernon county, but this does not deter us in doing what we think is best for the Republican party.

LaCrosse Republican and Leader: The result of the caucuses in Waupaca county seems to please the half breeds, but there are indications that the results of the forthcoming county convention will not be such an hilarious matter for them after its over.

The editor of the Osseo Recorder in recent issue calls the editor of the Whitehall Times a cheerful liar. This is a bad form. He should not use the term liar. He should say that his cotem. has a taste for amplification.—Eau Claire Leader.

Oscola Record: A great many things are annoying the Governor of Wisconsin at the present time, none worse, however, than his record on the Frost mortgage tax bill, a good measure which he vetoed.

Milwaukee Sentinel: But the governor decided that "it was necessary" to have seven deputy game wardens in the city of Milwaukee while the Eleventh congressional district has but six.

Perhaps the Pennsylvania road might be induced to sell tickets with a kiss-coupon attached at a slight advance over the regular tariff.—Adelaid King, in Milwaukee Sentinel.

ANOTHER RABIE SCARE AVERTED

Cow Belonging to Ben Cooper of Newville, Frightens the Owner, and Dr. Roberts Called.

State Veterinarian E. D. Roberts was brought to Newville yesterday to examine a cow belonging to Ben Cooper for symptoms of hydrophobia. Cooper has already lost six cows from this disease and as soon as he sees one looking a bit out of the way he seeks for the state veterinarian.

Dr. Roberts went up yesterday afternoon and examined the cow, and found that while she might have a few of the symptoms of the disease there was nothing about her that would warrant her being killed. He told Cooper to keep watch of the animal and let him know if she showed any further symptoms of the disease or became wild. The doctor said that it was no more than he expected, and is pleased to know that the disease has been confined almost entirely to Cooper's cattle.

The Wiesian and Huen children who are at the Pasteur Institute in Chicago, being treated for the rabies have not developed any symptoms of the disease and are doing nicely.

A DELIGHTFUL MUSICAL

Janesville Musicians Give Pleasure to An Edgerton Audience

Three Janesville people participated in a delightful recital of classical and popular music given at the home of Mr. and Mrs. C. F. Tallard at Edgerton, last Saturday afternoon at 2 o'clock. The recital was under the direction of Prof. J. S. Taylor and was given by his pupils. Miss Elva Crawford and Miss Edith Maltress accompanying him to Edgerton from this city.

The Tallard home is a spacious one and splendidly adapted for holding recitals. It was beautifully decorated with cut flowers and well-filled with Edgerton music lovers. The program was an excellent one and it was carried out faultlessly. Mrs. Tallard and Miss Maltress were the

vocalists. Mrs. Tallard, whose rich contralto voice has been heard with pleasure in this city several times, sang exquisitely, her first number being three selections by Schuman, "Thou'rt Like a Tender Flower," "In Dreams My Tears Were Flowing," and "Early Green" and for her second number she sang, "Were I a Star" by Hawley and "Creole Lover's Song" by Buck.

Miss Maltress sang, "Beautiful Land of Dreams" by Clark, "Sleep Little Rosebud" by Tipton, "Sing, Sing," by Kjerulf and "At Parting" by Rogers, the selections being especially adapted to her sweet mezzo soprano voice. The accompaniments for Mrs. Tallard and Miss Maltress were played by Prof. Taylor.

Miss Crawford's piano solos were a delightful feature of the afternoon. Miss Crawford plays with brilliancy and fine expression and her program on Saturday included "La Filleuse" by Raff, "Melodie" by Line, "Air de Ballet No. 1" by Chaminade and "Le Papillon" by Lavalley. Master Allan Earle, of Edgerton, opened the program, "At Bed Time" by Orth and "Slumber Song" by Gurliitt. Master Earle is a talented pianist and plays exceptionally well for a young boy.

Mrs. F. J. Clifton, is entertaining her sister, Mrs. H. C. Adams and children, from Emmetsburg, Ia.

EXCURSION FROM MILWAUKEE HERE

CALL ON SENATOR WHITEHEAD

Informal Reception Held at the Myers House, This Afternoon, by Business Men.

One of the jolliest party of excursionists that ever struck this city arrived this morning over the St. Paul road at 11:10. It was the business excursion of the Merchants' & Manufacturers' association of Milwaukee, who are making a tour of the principal business cities of the state in the interests of the Merchants' & Manufacturers' association of Milwaukee. The special train bearing the excursionists consists of a baggage car, two Pullman sleepers, a diner and a day coach.

Well Stocked Car
The baggage car was stocked with everything good to make the inner man feel like living and to entertain their friends. The party live in the sleepers and use the day coach for a smoker.

The train was in charge of P. C. Eldredge, superintendent of the Prairie du Chien division of the St. Paul road. W. H. Dodsworth, general agent of the road in Milwaukee, and J. M. Davis, of Milwaukee, are also on the train as guides, philosophers and friends in general supervision of the train.

Started This Morning
The train left Milwaukee at 7:30 a. m., the first stop being at Whitewater 51 miles out. At this city they were met at the station by Mayor Littlejohn and a party of the prominent business men and citizens. Here the excursionists were taken in carriages and hacks and shown the interesting portions of the city.

The train left Whitewater at 10:30 and arrived in Janesville at 11:10. The excursionists were somewhat disappointed by the reception given them by the citizens of Janesville. When the train pulled into the station at Janesville instead a large party of representative business men being there to welcome them, to the city during their stay here. Only President Gilkey, of the council, W. G. Wheeler, U. S. District Attorney, F. C. Bailey and A. F. Hall were at the station and extended the courtesies of the city.

The excursionists made themselves at home in the city and called on their business friends who had dealings with their business houses and cemented the bonds of friendship already existing between them. They were a jovial party and lost no time in getting acquainted.

Visited Senator Whitehead
A number of the party were anxious to meet Senator Whitehead and called at his office to hold an informal reception and wish him success. The representative of the Jahrmarket dressed in the costume of a Burgher-master, distributed badges, and buttons to the people along the street, calling their attention to the fact that the market would be held in Milwaukee in September, and asking them to meet him there.

Viewed The City
President E. A. Wadhams and Secretary L. C. Whitney had their hands full looking after the party and introducing them to the people they met on their tour of inspection. A majority of the party gathered at the Hotel Myers at 1 o'clock and held an informal reception. The business men of the city congregated here at this time and met the gentlemen from the lake front.

Spoke To Visitors
Senator Whitehead was present at the reception and made a short address. He expressed himself as being pleased with the opportunity of greeting the gentlemen from Milwaukee, many of whom he was personally acquainted with. William G. Wheeler, also addressed the gathering and made a few remarks welcoming the visitors to the city. Messrs. Whitehead and Wheeler were followed by the Association quartette who rendered a couple of songs in a pleasing manner. President E. A. Wadhams thanked the business men of Janesville in behalf of the association, for the kindly manner in which they had been received.

The Milwaukee papers had their representatives on the train who kept them supplied with news of the trip and descriptions of the cities in which they stopped. William S. Dunlop, represented the Evening Wisconsin; Edward E. Webb, the Sentinel; George M. Bates, the Free Press and C. W. Lamb, The Journal. They are all live newspaper men and overlooked nothing that would be of interest to their readers.

Pleased With City
The party expressed themselves as being highly pleased with Janesville and its surroundings even though they were not met at the station by a large body of representative citizens.

A Week's Journey
The party will be on the road for a week and during this time will visit Whitewater, Janesville, Beloit, Monroe, Edgerton, Stoughton, Madison, Mazomanie, Sauk City, Richland Center, Muskego, Boswell, Prairie du Chien, LaCrosse, Sparta, Viroqua, Tomah, Kilbourn City, Portage, Columbus, Watertown and Oconomowoc. The train bearing the party left here at 2 o'clock for Beloit, where an hour and a half was spent in looking over the city. They left that place at 4 p. m. and returned to this city on their way to Monroe, where they will spend the night. Those taking part in the excursion were:

CITY NEWS IN BRIEF
Meet Tonight: Knights of the Maccabees will hold their regular meeting at East Side hall on Monday night.

Supper Postponed: The Golf club supper which was to have occurred Tuesday evening has been postponed one week.

For Richardson Medal: The qualifying round for the Richardson medal will be played on the Swisslink tomorrow afternoon. The qualifying round will be medal play eighteen holes. The sixteen lowest scores will qualify for the event and the first round of match play will be on Tuesday, June 24.

Struck by Lightning: During the storm last Thursday afternoon, lightning struck the poor house at the county farm, knocking the cap off the big chimney and doing considerable damage to inside of the building besides frightening the inmates. The lightning followed some of the electric wires from the poor house over to the engine room in the insane building. The engineer was in the room at the time and received quite a severe shock from the bolt.

Anyone who misses the concert at the Congregational church next Wednesday evening will miss a rare treat. The music which the children sing is beautiful. The chorus work fine and the little kindergarten children will sing "The House That Jack Built." Miss Rosa Eaton, of Chicago, who assists, is a charming soprano singer. Admission fifteen cents.

Meet Here July 4: The Knights of Maccabees of southern Wisconsin and Northern Illinois, will be held in Janesville on July 4. It is expected that a large delegation will gather in this city at that time. A good program of sports and exercises have been arranged so that all may enjoy themselves.

Get a Half Holiday: The Parker Pen Co. have inaugurated the system of giving their employees a half holiday on Saturday and from now on, during the months of June, July and August, their factory will close down every Saturday at 1 o'clock. The employees get ten hours' pay for six hours' work on that day.

TOM DOUGHERTY ESCAPES OFFICERS

OUTRUNS THE POLICEMEN

Found Asleep in a House, He Makes Dash for Liberty, and Gets Away.

Officers Beneke and Fanning had a lively chase after a man on the west side of the river at an early hour this morning, and caused considerable excitement among the people who happened to see the chase. They did some fast sprinting but did not succeed in landing their man.

Tom Dougherty visited the home of Mrs. Jackson in the rear of the Grubb block at a late hour last night in search of a place to sleep. He could not get in the door so broke a light of glass out of the window unfastened the catch and let himself into the house. After getting inside he disrobed and laid down on a couch to sleep. Mrs. Jackson's brother coming home some time after Dougherty had gone to sleep discovered him and sent for an officer.

Officers Notified
Officer Beneke received the call and after getting Officer Fanning out of bed went up to Mrs. Jackson's after him. Dougherty ran and soon outdistanced them. He dogged into the alley way and the officers followed. They lost sight of him, and after a careful search gave up trying to find him.

Made His Escape
Dougherty in the meantime had come out onto Milwaukee street and while the officers were searching for him walked leisurely away and made his escape.

RESIGNATION OF SUP'T G. J. HURD

Continued Illness Forces Him to Give Up Position with Janesville Electric Railway.

Owing to his continued ill health, Supt. George J. Hurd of the Janesville Electric railway company, has resigned his position, his resignation having been sent in to President G. W. Blabon, of Philadelphia. No word has yet been received from Mr. Blabon and his plans regarding a future superintendent are not known.

As soon as he is released from his duties here, Mr. Hurd will go to his daughter's home in Pittsburgh, Pa., and devote himself to the recovery of his health. He has been a great sufferer from rheumatism for the past few years and feels that he cannot attend to the duties of his office as they should be attended to.

An Able Superintendent
Mr. Hurd has been superintendent of the Janesville electric railway for several years and under his management it was placed for the first time on a paying basis and its service was materially improved. The stockholders in the company regret the necessity of his resignation sincerely and that regret will be shared by the many friends of Mr. Hurd. It is safe to say that his resignation would not be accepted if it were prompted by any other reason than illness.

Holloway-Brown

On Saturday evening at six o'clock Miss Emma E. Holloway and Roy N. Brown, both well-known young people of this city, were married, the ceremony being quietly solemnized at the Baptist church parsonage. Rev. Richard M. Vaughan pronounced the nuptial blessing on the young people, who were unattended. The bride is the eldest daughter of Mrs. Kittle Holloway and is a young woman of charming personality and is very popular among her many friends. The groom is an efficient linotype machine operator in the employ of the Gazette Printing company and is a genial young gentleman of exemplary habits. The high esteem in which he and his bride are held was evidenced by the many handsome gifts received by them in spite of the fact that they had kept the time of their wedding a comparative secret. The young people have gone at once to housekeeping in a prettily furnished home at 8 Oakland avenue where they will be attended by the best wishes of many friends.

Mrs. B. D. Wixom
Funeral services for the late Mrs. B. D. Wixom were held from her home in the town of Fulton yesterday afternoon at 2 o'clock. The funeral was one of the largest ever held in the county for Mrs. Wixom was widely known and universally loved. Handsome floral offerings in great abundance told of the sorrow of a large circle of friends.

The service was conducted by Rev. Richards, of Edgerton and Mrs. C. F. Yates and Mrs. Fanny L. Clark, of this city sang several selections beautifully. At the close of the sad service the remains were taken to Edgerton for interment, the pall bearers being Walter Taylor, A. M. Glenn, D. N. Walrath, H. H. Brace, W. H. Cox and H. W. Cox.

PENNER AND CLIPPED.

As a new boarder, he was given extra attention at his first breakfast, and was asked by the landlady:

"Well, how did you enjoy your rest after a change of quarters?"

"I didn't rest much," he replied. "I was troubled all night with insomnia."

"Sir," was the landlady's indignant comment, "you should not say such a thing at table! I've never heard such a complaint before in twenty-two years as a housekeeper, and I'd have you know, sir, I've had your better as my boarders! And," she went on, as he flusteringly began to mumble an explanation, "I do not believe you, sir, and am willing to board you free if you find a single one in that bed!"—Philadelphia Times.

A well-known peer asked Mr. Rhodes to stand godfather to his son, and he replied he would on one condition, which was that he might invest at once 100 pounds in the boy's name and give 100 pounds on each succeeding birthday, provided that it should all go on at compound interest until the boy was old enough to begin to spend the interest; and that then he might yearly decide on what to spend it, so long as it was not on himself. "This," said Mr. Rhodes, "will do two things, first, it will teach your boy how to spend money, and, secondly, it will make him unselfish and kind to those in need."—London Court Journal.

TERRIBLE TURK TO WRESTLE HERE

WILL MEET LOCAL ATHLETES

The Date Has Been Fixed for June 26, at the Myers Grand.

Local sports will be given a warm athletic event at the Myers Grand Opera House on the evening of Thursday, June 26.

Fress Yousoff, the Terrible Turk, will wrestle here having as his opponents Reinhold Schott, the famous Watertown, Wis., wrestler.

The match has been arranged after much wrangling on the part of the interested parties. A purse of \$200 will be the stake and the winner will be challenged by William Kalarra, the famous Greek wrestler, the match to take place on the Myers Grand stage the same evening.

The Terrible Turk has been visiting the West and is now in St. Paul. He weighs 210 pounds and is 5 feet 11 inches in height.

Reinhold Schott is the champion catch-as-catch-can wrestler of the Northwest and will be accompanied here by a large delegation of sports from Watertown.

The wrestling bout will be offset by a warm boxing event which will be allowed to go the limit provided the police do not interfere.

Oshkosh, Racine and several other Wisconsin cities have had these sporting events for years and the indications are that the Myers Grand will be crowded to the doors on the evening of June 26.

Manager Myers said to a Gazette man this morning:

"This athletic show will undoubtedly be the warmest event ever pulled off in Janesville and I see no reason why the police should interfere. We are striving to get the best boxing talent in Milwaukee and Chicago to act as a preliminary event to the wrestling match."

The names of these boxers will be announced soon. Excursion rates will be given from all portions of the county.

Played in Madison: Smith's orchestra of nine pieces, played at Madison last Friday afternoon and evening for the reception and ball of the U. C. T. The music gave general satisfaction and Mr. Smith received many compliments on the quality of the music furnished. On account of local jealousy, the Madison papers did not pay the orchestra any compliment, but could find no cause to roast it.

Working on the Central railroad of New Jersey are now placed at No. 5, No. 9, and Nottingham collieries of the Lehigh and Wilkesbarre Coal company and are working at the engines and fires. Their action has aroused the railroaders in this section and a meeting of the Jersey Central engineers and fireman was held at Ashley. A committee was appointed to see if they still remain members of the brotherhood, and further action will be taken when the committee reports.

There were meetings of strikers throughout the region, which were attended by fire bosses. Some of the labor leaders say nearly half of the fire bosses still at work promised to stop work to-day.

ROWE IS RE-ELECTED CHAIRMAN

Jacksonville Man Again Heads Republican State Central Committee. Chicago, June 16.—The Republican state central committee re-elected F. H. Rowe of Jacksonville chairman. He was nominated by L. T. DEMOCRATS WILL CONVEENE TUESDAY

Principal Contest Will Be For Nomination for Supreme Court Clerk.

WILL FIGHT ON STATE LINES

Campaign Is to Be Confined to Subjects of Interest in Illinois—Candidates for Treasurer are Scarce—New Committee to Be Named.

Springfield, Ill., June 16.—The Democrats will meet here, tomorrow to nominate a state ticket. It is doubtful if they make any endorsement for United States senator.

The principal contest before the convention will be over the nomination of a candidate for Supreme court clerk. The leading aspirants are Luther U. Dearborn of Kane and John L. Pickering of Sangamon.

John L. Pickering has for many years written Illinois politics for St. Louis and Chicago dailies. "Pick," as he is called, is known, and well-known, in every town in Illinois, and that is the reason central and southern Illinois is quite solidified by instructions for him.

There is not one candidate for state treasurer in the lists.

For superintendent of public instruction there are several willing, but apparently no active candidates. County Superintendent Bliss of Jefferson and Moore of Green, and T. C. Clendenen of Cairo are the most prominent in the country, if not the only ones suggested. The latter is superintendent of Cairo schools and has a strong line of friends in central Illinois. Cook county may present the name of G. Charles Griffiths, and he can land the prize in all probability if he secures the endorsement of the leaders in Chicago. The candidates from the country have made no effort to advertise themselves.

There is not much talk about the platform. The radicals on both the gold and silver sides are talking conservatively, and the chances are that they will swing the convention.

Campaign to Be On State Lines

The battle in Illinois so far as the Democrats can control operations will be on state lines, with mere incidental and perfunctory reference to national questions.

There appears to be no doubt but the convention will do away with the ancient and antiquated system of electing a state committee two years in advance of the time it begins its actual existence. This is a relic of the early '90s. Chairman Hopkins some weeks ago announced in an interview that he would resign his place on the committee, and other members of the state committee endorsed his position. Now it is said Mr. Hopkins will at an early hour in the convention offer a resolution which will virtually kill the present state organization and leave the decks clear for the new committee to at once organize and run the ensuing campaign. There is no doubt but the resolution will be adopted unanimously.

There is considerable contest over the selection of the new committee.

In the southern appellate districts there is no question apparent about the renomination of Frank W. Haville of Mount Carmel. The empty honors in the northern district will go to whoever will accept the nomination.

AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual. If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regain its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

Several years ago, my wife had a severe sore leg and was treated by the best physicians but received no benefit. Our druggist advised her to try S. S. S., which she did. Within a few days the sore had healed and she has been well ever since. J. E. MAROLD, 22 Canal St., Cohoes, N. Y.

PENSION ROLL IS INCREASING

Nearly One Million Names Are on the List at Present.

PENDING CLAIMS, 355,259

Commissioner Ware Being Pursued by an Army of Attorneys and Others Who Endeavor to Influence His Action in Cases Before Him.

Washington, June 16.—One million pensioners on Uncle Sam's roll. This is the great total that is likely to be soon reached. Instead of diminishing the number of pensioners is steadily increasing, and the million mark may be passed in a short time. A special statement that was made up at the request of the commissioner showed the total of 998,303 pensioners on the rolls April 30.

Should congress adopt some legislation favorable to pensions next year, or soon thereafter, there would be no way of telling how many pensioners Uncle Sam would have on his roll. It may surprise some to know that there are now pending in the pension office 355,259 claims for pension, of which 33,611 are due to the war with Spain.

Commissioner Ware is having a difficult time in trying not to lay down a policy for considering pension matters. He has been pursued by a perfect army of attorneys and Grand Army of the Republic men and by people on the other side of the question, who want to influence him one way or the other. He says they actually follow him out to Kansas and try to reach him through his wife and even more distant relatives.

WEEK'S FORECAST.

Senate Will Devote Its Time to Canal Measure.

Washington, June 16.—The senate will meet at 11 o'clock each day during the present week to day and including Thursday in order to permit ample opportunity for discussion of the isthmian canal bill prior to voting on the bill and amendments on Thursday. Senator Kittredge will speak today in support of the Nicaragua route, and will be followed on Tuesday by Senators Cullom and Stewart and on Wednesday by Senator Hanna. During the week Senators Foster of Louisiana and Pettus will make addresses in favor of the Nicaragua route, and on Thursday Senator Morgan will close the debate in the interest of Nicaragua. Other measures which may be considered during the week are the London dock charge bill and the pure food bill. There will be a strong effort made to have the Cuban reciprocity bill in readiness to be made the unfinished business when the canal bill shall have been disposed of. Only the general deficiency bill of the entire list of appropriation bills remains to be acted on in the first stage.

What the House May Do. This is suspension day in the house, and the speaker has agreed to recognize a number of members to move the passage of bills under suspension. Whatever time remains to-day, together with Tuesday, has been set aside for the consideration of the bill to amend the bankruptcy act. Wednesday the general deficiency appropriation bill will be taken up, and on Thursday consideration of the Philippine government bill will begin. Under the rule agreed on for consideration of the latter bill there will be a day session, beginning at 11 a. m., and a night session, beginning at 8 o'clock, for general debate until the following Tuesday, when the bill will be open to amendment under the five-minute rule. The final vote will be taken on Wednesday.

TO VISIT THE WEST.

President Plans to Make the Trip in October.

Washington, June 16.—President Roosevelt has decided to visit the Illinois state fair at Springfield, October 2. This date was agreed upon between the president and Senator Cullom and a delegation representing the fair association, headed by President Conrad. The president has also accepted invitations to visit Detroit and Minneapolis and will go to those cities before entering Illinois. The president will also make a trip through-out the southwest some time in October. The principal points in view at this time are the San Antonio fair and a bear hunting trip in the Mississippi swamps. The itinerary for this trip has not been definitely arranged. The journey may include points in Kansas and Nebraska going out and New Orleans and other southern cities returning. Senator Foraker saw the president to arrange for the call of a committee who wants the president to visit Ohio while he is in the West.

NEW STAMP DESIGNS.

Series of 1902 Will Show Many Changes in Outline.

Washington, June 16.—A new set of designs for United States postage stamps of the series of 1902 are being prepared at the bureau of engraving and printing in this city. A new stamp will be added with a value of 13 cents to facilitate the foreign registered letter business. In the new series the stamps will have an arch over the picture, with eagles

in the two upper corners, while the words "United States of America" will supplant "United States postage." The word "postage" will appear at the bottom before the denominational value of the respective stamps. A picture of Grant will be printed upon the 4-cent stamps instead of that of Lincoln, which will be given the 5-cent stamp, upon which the likeness of Grant now appears. Martha Washington will appear upon the 8-cent stamps instead of Sherman, while the new 13-cent stamp will bear a likeness of Benjamin Harrison. The 11 black stamp will have the head of Farragut instead of Commodore Perry as at present. The remaining denominations will remain unchanged. The special delivery stamp will carry a representation of a messenger mounted upon a bicycle, and will be printed in red, instead of a messenger running. The new McKinley postal cards will be placed on sale before July 1.

STATE WAR CLAIMS.

General Deficiency Bill Makes Provision for Their Payment.

Washington, June 16.—The general deficiency bill, reported to the house, contains an item of interest to several western states. It makes an appropriation to meet the recent decision of the controller of the treasury allowing state claims that were submitted to him for review by a special act of congress. The item includes Illinois claim of \$1,005,129 and those of Indiana for \$635,859; Iowa, \$456,417; Michigan, \$382,187, and Ohio, \$468,559. Inasmuch as all these claims are included in one bill, it is expected by the congressional delegations of the states interested that by combining their strength they can secure the desired appropriation. If each claim was considered separately the opposition might be sufficient to defeat them.

Court-Martial for Ryan.

Washington, June 16.—By direction of the president, a general court-martial has been appointed to meet at Manila on the 18th instant for the trial of Capt. James A. Ryan, fifteenth assistant swamps. The military for unnecessarily severe and arbitrary in his dealings with the natives of the province where he was stationed in the Philippines. The court will also try "such other officers as may be brought before it." This is the usual order in court-martial cases and may or may not have any significance.

Probing Danish Charges.

Washington, June 16.—H. H. Rogers of the Standard Oil Company is to appear before the house special committee to investigate the charges of corrupt promises of money in connection with the sale of the Danish West Indies. The first proposition to sell the islands is alleged to have had the backing of Mr. Rogers and other prominent Americans. Mr. Rogers will be the last witness examined by the investigating committee.

Navy May Use Oil.

Washington, June 16.—Oil may succeed coal as fuel aboard American war ships. A board of naval experts under Admiral Melville, which is directing experiments on the subject, has found that oil will produce one-third more steam from a standardized boiler than is possible with the best coal.

Celebrates Flag Day.

Washington, June 16.—Senator Henderson celebrated flag day by driving to and from the capitol with small American flags fastened to the bridle of his span of horses.

LANDS OPEN TO SETTLEMENT

Court Decision Against Grazing Leases. Opens Up 2,500,000 Acres.

Austin, Texas, June 16.—The recent decision of the state supreme court invalidating consolidated leases and placing on the market more than 2,500,000 acres of grazing lands, has struck a death blow to the cattle raisers of Texas. Hundreds of sections of these lands are being filed upon each day by actual settlers. The ranchmen own the alternate patented sections of land and had under lease the intervening school sections. It is impossible to fence each section separately or graze satisfactorily cattle jointly with a number of small holders.

Insanity Saves a Murderer.

Ravenna, O., June 16.—William N. Vaughn, who has been on trial for the last few days for the murder of his stepmother and her mother, was found not guilty because of insanity at the time of the crimes.

Sung Himself to Death.

Penn., Ind., June 16.—John Haines, colored, of Wabash, shot and killed Clarence Gillespie, white, a steelworker. Gillespie angered the negro by singing "Good Morning, Carrie."

Quits Indiana University.

Indianapolis, June 16.—Joseph A. Swain, president of Indiana State university at Bloomington, has accepted the call to the presidency of Swarthmore college, Philadelphia.

Heart Beats

that are too fast or too slow, too strong or too weak, are not the kind that come from a healthy heart. Remember, every heart that pains, flutters, palpitates, skips beats, and every heart that causes fainting spells, shortness of breath or smothering, is weak or diseased, and cannot keep the blood circulating at its normal rate.

"My heart was very weak and kept skipping beats until it missed from one to three beats a minute. Well knowing what the result would be if this trouble was not stopped, I began taking Dr. Miles' Heart Cure, and two bottles brought the heart action to its normal condition."

SCHAFFNER WINS THE BLUE RIBBON

Dreyer and Churm Finish Second and Third at Y. M. C. A. Junior Athletic Meet

Athletic park was a great center of attraction for young boys today, the occasion being the blue ribbon athletic meet held for and by the boys of the Junior and Intermediate departments of the Y. M. C. A. The meet was novel in the fact that all contestants were required to enter every event. Ribbon prizes were given in the first, second and third winners in each event and more elaborate ribbons were given the three boys who won the greatest number of points in the entire meet.

The Junior meet was held this morning and first honors were won by Charles Schaffner, who captured the blue ribbon by securing four firsts, one second and one third in the six events which constituted the program. Elmer Dreyer won the red ribbon and secured second place, having one first, two seconds and one third to his credit. Vernon Churm received the orange ribbon and third honors, winning one second and four thirds.

The first three winners in each event follow:

50-yard dash—Schaffner, 1st; Dreyer, 2nd; Churm, 3rd.
100-yard dash—Schaffner, 1st; Kenneth Jeffris, 2nd; Churm, 3rd.
Running broad jump—Dreyer, 1st; Schaffner, 2nd; Churm, 3rd.
220-yard dash—Schaffner, 1st; Churm, 2nd; Dreyer, 3rd.
High jump—Kenneth Jeffris, 1st; Dreyer, 2nd; Schaffner, 3rd.
Half mile run—Schaffner, 1st; Donald Jeffris, 2nd; Churm, 3rd.
There were twenty-two entries in the Junior meet. The Intermediate meet was held this afternoon at 2:30 o'clock, there being sixteen competitors.

JANSVILLE MEN WERE PROMINENT

They Took an Active Part in All the Grand Council Doings at Madison.

The Jansville United Commercial Travelers and their ladies, making a party of about one hundred people returned home Saturday evening from Madison where they had been attending the annual meeting of the Grand Council of the U. C. T. of Wisconsin. They were delighted with the lavish hospitality extended by the people of Madison.

C. A. Evans, of this city, was one of the most prominent men in the grand council. Fred Van de Water was re-elected grand secretary and A. F. Spooner continues as chairman of the grand executive committee, having been elected for two years. Smith's orchestra of nine pieces played for the grand ball, which was a very elaborate affair and the people went into ecstasies over the music of the Jansville orchestra.

The banquet, ball and carriage drives were all great successes and the Jansville council made a great showing in the parade, being the only council that was uniformed. There were fifty Knights of the Grip from this city and they wore linen dusters, white caps and badges and carried canes tied with purple, gold and white, the U. C. T. colors. One of the humorous features of the parade was a take off on the recent addition to Fred Van de Water's family. The meeting of the grand council next year will be held in Milwaukee.

THE NERVE CENTERS.

The nerves form the intricate telegraphic system of the body, carrying their impulses by means of a fluid akin to, but less known than electricity. The nerves carry every command of motion from the brain and nerve centers, and every sensation, conscious or unconscious, to these centers. Each organ in the body is controlled by nerves and is at once diseased when its nerves are affected. These nerves pass out from the brain and cord through the openings mentioned above and we therefore see how important it is that the muscles next to the openings in the skull and those along the spine should not be contracted and so interfering with nervous impulses. Osteopathy relieves the pressure upon nerves, and if they are paralyzed stimulates them to renewed activity, or if over excited, the trained finger of the osteopath quickly quiets them. —Cosmopolitan—Osteopathy.

—The Bullock Electric Mfg. Company, of Cincinnati, has the contract for an electric light plant for the British naval barracks at Portsmouth, England.

It beats the dence how sollicitous the Democratic papers are over the welfare of Bob LaFollette. It is the first time within the memory of man that the Democratic press have been "plugging" for a Republican. Are they doing for the sake of principle or money?—Superior Wave.
